

Summer of Love

Confidence in Christ (6.23.19)

S Scripture
O Observation
A Application
P Prayer

When God says you've won, you've won.

- What's one idea from the message that stood out to you? Why do you think it grabbed you?
- What are some things you have doubted in your life?
- How have you overcome doubt in your life?

Read: 1 John 2:12-14

- Why do we doubt aspects of God and our faith?
- Does doubting mean our faith is weak? Why or why not?
- John says God's children have had their sins forgiven and they know the Father. How do we, as God's children, know the Father?
- Those who are young in their faith have won against the evil one. How have they won? What gives you confidence that you've won Christ?
- Those who are mature know Christ. How does that knowledge change as your faith grows?
- All of God's children know Him. What does this mean for how you interact with those who have both a younger faith and a more mature faith than you?
- Spiritual growth is expected. Where have you grown in the past year? What are you doing to continue growing?
- What are you doing to help others grow?

Prayer: Pray for reassurance when you doubt.
