- What's one idea from the message that stood out to you? Why do you think it grabbed you?
- Would you rather live in a perfect world or a world with free will? Why?
- What are some helpful things people have said and done to help you through times of suffering? What are some unhelpful things people have said and done?
- Read 1 Corinthians 13:12, Genesis 50:20, Romans 8:28, and John 16:33.
- What comfort, if any, do these passages provide?
- What do you say to the person who just lost their kid in a car accident? Or the woman who can't conceive? Or the guy who lost a sibling to cancer? How should we help people who are suffering?
- Does knowing paradise will eventually come help you to endure suffering? Why or why not?
- Is it possible for God to be good in the sense of not allowing bad things to happen and for mankind to have free will? Why or why not?
- Is it ok to say, "I don't know," when people ask why something happened? Why or why not?

Prayer: Pray that we can keep focused on Jesus's promise that He is victorious over the world and that creation will be restored.
