Peace (11.22.20)

S Scripture
O Observation
A Application
P Prayer

Prayer is the Path to Peace.

- What's one idea from the message that stood out to you? Why do you think it grabbed you?
- What are your coping mechanisms for anxiety?
- What have you been anxious about lately?

Read: Philippians 4:6-9

- Paul said not to be anxious about anything. Is this anxiety for things that impact us, impact others, or both? Why?
- What does “the peace of God that transcends all understanding” mean to you?
- If we can have peace from God, how do we help others have that peace?
- Have you ever remained at peace when everyone around you was worrying (or been around someone else who has been at peace while you and/or others were worrying)? What was that like?
- How does God's peace function as a guard for your heart and mind?
- How do you focus on the list of positive things that Paul lists in verse 8 amidst all the negative that exists around us?
- Paul writes to put into practice what has been learned from him. Who are you teaching? Who is teaching you?

Prayer: Pray for peace.
