- This has been a thought-provoking series. What have been some of the concepts that have been the most challenging?
- The main idea behind this series is that our individual actions have an impact on the entire church. Why does that concept run so counter to our thinking?

**Read:** 1 Corinthians 6:19-20

- Paul wrote, “You are not your own.” Whose are you? What is the implication of that shift in belonging?
- What does glorifying God in your body look like, in practical terms.

**Read:** 1 Corinthians 7:1-9

- What are some of the obstacles that couples face in making themselves sexually available to one another?
- If you are married, what are the challenges you face, personally, in yielding authority over your body to your spouse?
- How can couples work together to embody the idea: “It’s not about me; it’s not about you, it’s about us.”?
- Paul writes that he wishes everyone were as he is – unmarried. Why do you think he makes that statement?
- What are some of the benefits of being unmarried? How can individuals who remain single embrace the idea: “It’s not about me; it’s not about you, it’s about us.”?

**Prayer:** Pray for one another! Pray for married couples to glorify God in their marriage. Pray for unmarried adults to glorify God in their singleness.
