Hope – 12/28

S Scripture
O Observation
A Application
P Prayer

- What's one idea from the message that stood out to you? Why do you think it grabbed you?
- What gives you hope? Why?
- When has hope helped you through a situation?
- Read Isaiah 11:1-11 and Romans 15:12-13.
- Is it ok for situations or events to hurt, even when you have hope that they will get better? Why or why not?
- What do you fall back on to maintain hope during tough situations?
- Why do you think true hope can be so hard to come by? How can you give hope to others?
- How does the Holy Spirit enable you to overflow with hope, as stated in the Romans passage?
- For baptized Christ-followers, do you have a hard time maintaining hope even though you have the Holy Spirit? Why or why not?
- How does hope help?

Prayer: Pray that you always feel the hope that the Holy Spirit provides and that you are bold enough to share that hope with others.
