Lean In (2.6.22)

S Scripture
O Observation
A Application
P Prayer

Whoever is your employer, Jesus is your master.

ICEBREAKER: Share where/for whom you work and the challenges you face as a Christian in that work environment.

Read: Matthew 6:33

- What things do you worry about as an employee of wherever you work?
- What are the struggles you face in balancing work / life / spiritual life?

Read: Colossians 3:23-24

- How are you learning to apply this principle to your work?
- Frank suggested one way we can live out this verse: by not grumbling and arguing (Philippians 2:14-15). What other changes could you make as a worker that would reflect well on Jesus' influence in your life?

Read: 2 Corinthians 5:20

- What are some ways God has used you as his ambassador in the places you live, work and go to school?
- Who are some people you think God might want to use you to help take steps closer to him?

Prayer: As a group, make a list of people in the places you live, work and go to school that you could be used to become reconciled to God. Pray for those people in your group. Make this an ongoing list that you return to, sharing your answers to those prayers, and adding names as God grows your influence as his ambassador.
