- S** Scripture
- O** Observation
- A** Application
- P** Prayer

- What's one idea from the message that stood out to you? Why do you think it grabbed you?
- Read John 5:1-18.
- Why do you think Jesus picked this man out of all the others that were sick at the pool?
- Does anything strike you as different about this healing from other healings that Jesus did? Why or why not?
- What do you think Jesus meant when he told the healed man, "Stop sinning or something worse may happen to you?"
- What is one area in your life that Jesus has asked or is currently asking, "Do you want to get well?" How have you responded to his asking?
- Read Exodus 20:8-11 and Jeremiah 17:19-27.
- Do these passages impact your view on the leaders' response to Jesus? Why or why not?
- Jesus establishes his equality with God and that God's law is above man's law. When the two conflict, what are some areas that you do well in at following God's law and what are some areas that you more often follow man's law?

**Prayer:** Pray to be bold in always following God's law, even when it conflicts with man's law.
