Fools, Sloths, and Difficult People (7.26.20)

S Scripture
O Observation
A Application
P Prayer

It's important to avoid some people. It's more important to avoid *becoming* some people.

- What's one thing that stood out to you this week? Why do you think it grabbed you?
- What's a situation where you've had the thought that it was the people who ruined it?
- How do you avoid becoming something you don't like?

Read: Fools: Proverbs 26:4-12

- How do we handle fools that don't listen to reason?
- Why is there more hope for a fool than someone who thinks they are wise?
- How do we avoid becoming fools?

Read: Lazy: Proverbs 26:13-16

- Why do you think everyone's gauge for being lazy is different?
- Can you motivate people to not be lazy? Why or why not?
- Why is laziness bad?
- How do you avoid being lazy?

Read: Difficult People: Proverbs 26:17-27

- How do we know what arguments between people we should involve ourselves in?
- Why do arguments grow when more people involve themselves?
- How do we avoid becoming difficult people?
- Do you think actions speak louder than words? Why or why not?

Prayer: Pray that your actions show you are not foolish, lazy, or difficult.
