

## You + Your Kids (5.22.22)

**S** Scripture  
**O** Observation  
**A** Application  
**P** Prayer

### We need to keep God at the Center so we can teach the next generation to be faithful

- What are some things your parents purposely taught you?
- What are some things they taught you that they didn't necessarily want to?

**Read:** Deuteronomy 6:1-3

- What is the fear of the Lord? Why is it good?
- What are the promises given for those who keep the decrees and obey?
- Why does God want obedience?

**Read:** Deuteronomy 6:4-9

- What are some practical ways you can love God with your heart, soul, and strength?
- What are some practical ways we can do the commands to help the next generation learn how to be obedient?
- What are some things similar to the phylacteries and mezuzahs that we can do to keep God more present in our day to day lives?

**Read:** Galatians 5:19-23

- On Sunday, Wally challenged us to think deep about the bad list in Galatians. What are the things that we need to stop doing? If you feel safe enough, share with your group and then take some time and pray for one another
- How are you going to carry out these changes?

**Prayer:** Pray that you have a desire to move God closer to the center of your life so you have a better chance of helping the next generation be obedient to God.
